5E LESSON PLAN: WEEK 4 – MISS PATTERSON

- **Institution:** Happy Grove High School
- **Grade Level:** Grade 8
- **Class:** 8^3
- **Subject:** English Literature
- **Date:** September 28, 2026
- **Duration:** 60 minutes
- **NSC Learning Strand:** Reading for Meaning and Enjoyment (Comprehension & Literature)
- **NSC Attainment Target:** Use deduction, inference, and textual evidence to interpret characters' deeper meanings, feelings, and motivations; organize written ideas into well-constructed paragraphs.
- **Topic:** Characterization – Internal Traits and Character Motivation in Chapter 4
- **Previous Knowledge:** In Week 3, students identified external traits of Sun-Sun and Jake in Chapters 2 and 3 and learned the terms protagonist and antagonist.

Key Vocabulary

Key Vocabulary (word wall)

Internal trait: a character's inner quality, such as personality, values, beliefs or feelings

Motivation: the reason a character acts or makes a choice

Inference: a conclusion reached using text clues and our own reasoning

Loyalty: staying faithful and supportive to someone

Cause: what makes something happen

Effect: what happens as a result

Learning Objectives

By the end of the lesson:

Cognitive

1. After the Engage scenario, students will classify examples as external traits or internal values, with at least four of five correct.
2. Using Chapter 4, students will infer two of Rami's internal traits, supporting each with at least one piece of text evidence in the sentence framework.

Affective

3. During the pair discussion, students will explain, with at least one reason, why Rami's choice to stay with his father matters.

Psychomotor

4. Using sentence strips, students will arrange at least three cause-and-effect links on the flowchart showing how Sun-Sun's circumstances motivate Rami's loyalty.

Learning Domains

- **Cognitive:** Distinguish internal from external traits; infer character motives; link causes and effects.
- **Affective:** Value loyalty, resilience and personal responsibility when analysing life choices.
- **Psychomotor:** Arrange and connect sentence strips on a flowchart.

Learning Styles

- **Visual:** Cause-and-effect flowcharts and the class master matrix.
- **Auditory:** Think-pair-share discussion and teacher explanation.
- **Kinaesthetic:** Arranging sentence strips on the flowchart.

Resources

- Engage scenario (in Engage below)
- Class copies of My Father, Sun-Sun Johnson (Chapter 4: "Growing")
- Cause-and-Effect Flowchart, sentence strips and group role slips (in Elaborate below)
- Term Project Handout and Rubric (after the homework below)
- KWL charts and exit tickets
- PowerPoint and whiteboard

NSC Major Objectives (Curriculum Alignment)

- Infer the author's point of view and purpose from text read. *(Reading for Meaning and Enjoyment (Comprehension & Literature) – Term 1, Unit 2). Checked by: Exit Ticket Q2–3 (infer one of Rami's traits and support it with evidence).*
- Determine a central idea of a text and analyse its development over the course of the text, including its relationship to supporting ideas. *(Reading for Meaning and Enjoyment (Comprehension & Literature) – Term 1, Unit 1). Checked by: Cause-and-Effect Flowchart (how hardship builds Rami's loyalty).*

Instructional Strategies

- **KWL Chart:** Engage – what students know and want to know about why characters act.
- **Scenario Analysis:** Engage – students infer values from the beach-trip scenario.
- **Think-Pair-Share:** Engage – pairs discuss what the choice reveals before sharing.
- **Guided Reading with Role Slips:** Explore – students read Chapter 4 passages with targeted page ranges.
- **Higher-Order Questioning:** Explore and Explain – moving from "What does Rami do?" to "Why does he do it?"
- **Sentence Frame Modelling:** Explain – Action → Internal Trait/Motivation framework.
- **Cause-and-Effect Flowchart (Cooperative Learning):** Elaborate – groups map economic pressures to family loyalty.
- **Differentiated Instruction:** Elaborate – tiered materials.
- **Peer Assessment (Star and Wish):** Elaborate – groups check another group's flowchart.

- **Traffic-Light Self-Assessment and Exit Ticket:** Evaluate – individual check.

Subject Integration

- **Health and Family Life Education (Engage):** Students share a time they gave up something they wanted in order to help their family, and name the value behind that choice.
- **Social Studies (Elaborate):** While building the flowchart, students discuss how money problems can change roles in a family, using Sun-Sun's household as the example.

Classroom Organization and Management

- **Classroom layout and safety:** Desks are arranged in pairs for reading, then joined into groups of four for the flowchart. Bags hang on the backs of chairs and walkways are kept clear so the teacher can reach every group.
- **Materials:** Cards, strips and worksheets are prepared in labelled envelopes before the lesson, so no time is lost handing them out.
- **Group roles:** For group tasks, each member receives a role slip (see the slips in the procedure) so every student knows exactly what to do and no one is left out.
- **Transitions:** The teacher uses the call-and-response "Class, class!" / "Yes, yes!" as an attention signal, and a visible timer shows how long each phase lasts.
- **Positive reinforcement:** Specific verbal praise, group points on the board, and good work displayed on the word wall.
- **Expectations:** Listen when others speak, respect every answer, share tasks fairly, and handle materials carefully.

Accommodations (Inclusion)

- **Reading difficulties:** Large-print cards and a reading partner; the teacher reads text aloud on request.
- **Writing difficulties:** Students may answer orally, point to the correct card, or have a peer scribe one answer.
- **Attention or vision needs:** Preferential seating near the board and the teacher.
- **Absent students:** Students who miss the lesson (for example, for sports) receive the notes and classwork as a catch-up pack.

Backup Plan (No Technology)

- **If there is no electricity, internet or projector:** The scenario, definitions and master matrix are written on the whiteboard; the flowcharts and strips are printed.

5E PROCEDURE

1. ENGAGEMENT (10 minutes)

- **Activating Prior Knowledge:** The teacher asks: "Last week we looked at what Jake and Sun-Sun look like. Can you tell what a person is like inside just from their clothes?" Students fill in the K and W columns of their KWL chart on why characters act.

KWL Chart: Why Characters Act (one per student)

K – What I Know	W – What I Want to Know	L – What I Learned
e.g. Rami lives with his father.	*e.g. Why did Rami choose his father?*	*(Completed in Evaluate)*

- **Student Learning Activity:** Students will evaluate a written scenario: "A student turns down a fun, free trip to the beach with friends to stay home and help an elderly relative clean up their yard." In pairs, students discuss what this choice reveals about the person's internal values and work together to define Internal Traits and Motivation.
- **Teacher Facilitation:** The teacher will post the scenario, chart students' inferences on the board, and check that students understand that actions are clues to a character's unseen values. The teacher will ask:
- What did the student choose to do?
- What does that choice tell us about the kind of person they are?
- Why do you think they made that choice? (This is their motivation.)
- **Subject Integration (Health and Family Life Education):** Students share a time they gave up something they wanted in order to help their family, and name the value behind that choice.
- **Technology (in class):** The scenario is shown on a PowerPoint slide.
- **Formative Check:** The teacher reads five traits (e.g. tall, loyal, ragged clothes, proud, kind); students show one finger for external or two for internal.

(Auditory & Visual)

2. EXPLORATION (15 minutes)

- **Student Learning Activity:** Students will read selected paragraphs from Chapter 4 independently or in reading pairs, looking for the exact actions Rami takes when facing his father's hardships and the clues (dialogue, choices, reactions) that show his deeper feelings.

Pair Role Slips (cut out; give one slip to each group member)

✂️ **Reader**
Read the passage aloud and stop at each thing Rami does.

✂️ **Detective**
Ask "Why does he do it?" and underline the clue that shows his feelings.

- **Teacher Facilitation:** The teacher will give page ranges for Chapter 4 and, during room walks, prompt students to look past what Rami does to why he does it. The teacher will ask: "What does Rami do here?" then "Why do you think he does it?"
- **Formative Check:** The teacher checks that each pair has underlined at least two actions with a reason beside each.
- **Feedback:** The teacher gives specific feedback, e.g. "You found what Rami does. Now add the word 'because' – why does he do it?"

(Visual & Auditory)

3. EXPLANATION (10 minutes)

- **Student Learning Activity:** Students will call out text observations to build a class master matrix, practise the framework ("Rami works hard at River Bottom (action), which comes from his deep love and respect for his father's resilience (internal trait/motivation)"), and copy the definitions.

Key Definitions (students copy into notebooks)

Internal traits: a character's inner qualities, such as personality, values, beliefs and feelings (e.g. loyalty, pride, greed). We learn them from what the character says, does and thinks.

Motivation: the reason why a character acts or makes a choice; what drives them.

Inference: a conclusion we reach using clues from the text plus our own reasoning.

Class Master Matrix

Action (what Rami does)	Internal trait / motivation (why)	Text evidence
Rami works hard at River Bottom	Deep love and respect for his father's resilience	

- **Teacher Facilitation:** The teacher will record students' ideas, model the framework, and guide students to connect concrete actions to internal motivations.

Higher-Order Questions (whole-class discussion)

1. Analyse: Why does Rami choose to stay with his father instead of living in comfort with his mother?
2. Compare: How is Rami's motivation different from Jake's?
3. Evaluate: Was Rami's choice wise? Justify your answer.
4. Create: Write one action + trait sentence about Sun-Sun.

Guide answers: loyalty and love for his father matter more to him than comfort; Rami is driven by love and loyalty, Jake by money and power; accept a reasoned answer; e.g. "Sun-Sun gives money to the poor, which shows his generosity."

- **Technology (in class):** The framework and master matrix are shown on a PowerPoint slide and completed on the whiteboard.
- **Formative Check:** Students complete one framework sentence on paper and hold it up.

(Visual & Auditory)

4. ELABORATION (15 minutes)

- **Student Learning Activity:** Students will work in groups to build a cause-and-effect flowchart showing how outside money pressures motivate family loyalty, then receive and review the Literature Term Project Instructions and Rubric and choose their character (Sun-Sun, Jake, Rami or Ma) and option.

Cause-and-Effect Flowchart

Cause (Sun-Sun's circumstances)	→	Effect (Rami's choice / loyalty)
	→	
	→	
	→	

Group Role Slips (cut out; give one slip to each group member)

✂️ **Strip Reader** Read each sentence strip aloud to the group.	✂️ **Arranger** Place the strips in cause → effect order after the group agrees.
✂️ **Evidence Checker** Check each link against Chapter 4.	✂️ **Reporter** Explain one cause-and-effect link to the class.

Project options: Option 1 – Character Identification Card; Option 2 – Character Diary Portfolio (full details after the homework below).

- **Differentiation Support:** Supported groups complete flowcharts with the causes already filled in, using a word bank to choose the matching effects.
- **Differentiation Extension:** Extended students draft a diary entry from Rami's point of view using two quotes to justify his loyalty.
- **Teacher Facilitation:** The teacher will hand out the flowchart packets, launch the term project guidelines, and give tiered materials to target groups.
- **Subject Integration (Social Studies):** While building the flowchart, groups discuss how money problems can change roles in a family, using Sun-Sun's household as the example.
- **Numeracy Link:** Groups check that every cause has a matching effect (3 causes → 3 effects) and count the total links on the class flowcharts.
- **Peer Assessment:** Groups swap flowcharts with another group, check that each link makes sense, and give one star and one wish.
- **Feedback:** The teacher reads one strong link aloud and explains why the cause leads to the effect.

(Kinaesthetic & Visual)

5. EVALUATION (10 minutes)

- **Student Learning Activity:** Students will complete the evaluation slip quietly and on their own, then fill in the L column of the KWL chart and the traffic-light self-assessment.
- **Teacher Facilitation:** The teacher will collect the flowcharts, make sure students complete the exit ticket on their own, and collect the slips at the end of the 10 minutes.

Exit Ticket

1. Define motivation as it relates to a character in a story.
2. Identify one major internal trait that Rami shows in Chapter 4.
3. Give one piece of text evidence showing how this trait influences his actions toward his father.

Teacher Answers: Exit Ticket

1. The reason a character acts or makes a choice. 2. e.g. loyalty, love, resilience, responsibility. 3. Accept a relevant detail from Chapter 4 (e.g. working hard beside his father at River Bottom).

- **Self-Assessment:** Students rate each statement with a traffic light.

Traffic-Light Self-Assessment (students tick one colour for each statement)

I can…	Green	Yellow	Red
explain what an internal trait is	☐	☐	☐
infer a character's motivation	☐	☐	☐
support my answer with text evidence	☐	☐	☐

Green = I can do this on my own. Yellow = I need a little more practice. Red = I need help.

- **Closure:** One student completes the sentence aloud: "Actions are clues to…"
- **Positive Reinforcement:** The teacher praises thoughtful inferences and awards points to groups who worked well together.

(Visual & Auditory)

Total: 10 + 15 + 10 + 15 + 10 = 60 minutes

Homework / Extension Assignment

Select your character and project format (Option 1: ID Card OR Option 2: Diary Portfolio). In your literature notebook, list the name of your character, three direct quotes of their external traits from Chapters 2–4, and two direct quotes showing their internal traits/motivation. This planning list is the foundation of your project.

Literature Term Project: General Instructions and Options

Choose ONE major character from the novel (e.g. Sun-Sun Johnson, Jake Hibbertson, Rami or Ma). You will analyse this character's external traits (what we see on the outside) and internal traits/motivations (who they are on the inside). Select one of the creative formats below.

Option 1: The Character Identification Card

- **The Portrait:** a neat drawing showing the character's facial expressions, hairstyle and general appearance based on text descriptions.
- **Vital Statistics:** the character's name, status/occupation and main residence (e.g. Robin Hill vs. River Bottom).
- **External Profile:** at least three direct quotes describing what the character looks like, wears, or how they stand or move.
- **Internal Values Profile:** a 3–5 sentence description of the character's personality, traits (e.g. pride, loyalty, greed) and motivations, backed by evidence.

Option 2: The Character Diary Portfolio

- **The Voice:** three chronological diary entries in the first person ("I"), capturing the character's tone, attitudes and feelings during major events.
- **External Realities:** at least three references or quotes about the character's physical state, clothing changes or surroundings.
- **Internal Motivations:** each entry reveals the character's hidden thoughts, conflicts and what drives their choices.
- **Structure:** each entry is dated according to the events of Chapters 2–6.

Project Grading Matrix (20 marks)

Criteria	What is expected	Marks
Text evidence and external traits	At least three accurate direct quotes or details on appearance, clothes and stance	5
Internal traits and motivation	Clearly shows the character's values and motivations, backed by accurate chapter evidence	5
Creative execution and format	ID Card has a clear layout with a portrait; diary entries keep a consistent, accurate character voice	5
Grammar, organization and presentation	Free of spelling, punctuation and grammar errors; neat, clear and logical	5
Total		**20**

Technology Integration (Homework & Practice)

- **Google Classroom:** Post the Term Project Instructions and Rubric so students and parents can view them at home. Students submit their character choice, project option and planning list on Google Classroom.
- **Quizizz:** Assign an optional practice quiz on internal vs. external traits and motivation.

Assessment Summary

Type	What is assessed
Diagnostic	KWL chart (K and W); inferences during the Engage scenario.
Formative	Class master matrix; cause-and-effect flowchart with peer feedback; Quizizz practice report.
Summative	Exit ticket; Term Project (20 marks, rubric).

Success Criteria

Students are successful when they can correctly name one of Rami's internal traits and support it with one piece of evidence from Chapter 4 that explains why he acts as he does.

Link to Previous and Next Lesson

- **Previous:** Week 3 – External traits of Sun-Sun and Jake.
- **Next:** Week 5 – External conflict (Man vs. Man) in Chapters 5 and 6.
