5E LESSON PLAN: WEEK 5 – MISS PATTERSON

- **Institution:** Happy Grove High School
- **Grade Level:** Grade 8
- **Class:** 8^3
- **Subject:** English Literature
- **Date:** October 5, 2026
- **Duration:** 60 minutes
- **NSC Learning Strand:** Reading for Meaning and Enjoyment (Comprehension & Literature)
- **NSC Attainment Target:** Identify, analyze, and comment on the structural elements of plot and conflict within narrative texts; present supported interpretations confidently.
- **Topic:** Literary Conflict – Analyzing External Conflict (Man vs. Man) in Chapters 5 & 6
- **Previous Knowledge:** In Weeks 3 and 4, students studied Sun-Sun's and Jake's external and internal traits and Rami's motivation, and chose a character for the term project.

Key Vocabulary

Key Vocabulary (word wall)

Conflict: a struggle between opposing forces; it drives the plot

External conflict: a struggle between a character and an outside force

Man vs. Man: a conflict in which two characters want things that cannot both happen

Goal: what a character wants to achieve

Obstacle: something that blocks a character's goal

Suspense: the feeling of wanting to know what will happen next

Learning Objectives

By the end of the lesson:

Cognitive

1. After the chair demonstration, students will define Man vs. Man conflict in their own words, giving one example from Chapters 5 and 6.
2. Using their marked text, students will explain how the clash between Sun-Sun's and Jake's goals drives the plot, citing at least two actions from each character.

Affective

3. During the Engage discussion, students will share a view on fair play and handling opposition, giving at least one reason for their opinion.

Psychomotor

4. Using pen marks, students will mark at least three of Sun-Sun's actions (underline) and three of Jake's obstacles (circle) in Chapters 5 and 6.

Learning Domains

- **Cognitive:** Define Man vs. Man conflict; identify the parts of a plot clash; track opposing motives.
- **Affective:** Discuss fair play, perseverance and handling opposition constructively.
- **Psychomotor:** Mark opposing text elements with underlines and circles; complete the organizer.

Learning Styles

- **Visual:** Conflict mapping organizer and the class matrix on the whiteboard.
- **Auditory:** Guided discussion of character positions; shared reading.
- **Kinaesthetic:** The chair demonstration; marking the text.

Resources

- Two students and one chair for the demonstration (in Engage below)
- Class copies of My Father, Sun-Sun Johnson (Chapters 5–6)
- Marking key and pair role slips (in Explore below)
- Conflict Mapping Graphic Organizer (in Elaborate below)
- KWL charts and exit tickets
- PowerPoint and whiteboard

NSC Major Objectives (Curriculum Alignment)

- Determine a central idea of a text and analyse its development over the course of the text, including its relationship to supporting ideas. *(Reading for Meaning and Enjoyment (Comprehension & Literature) – Term 1, Unit 1). Checked by: Exit Ticket Q2–3 (Sun-Sun's goal and how Jake opposes it).*
- Infer the author's point of view and purpose from text read. *(Reading for Meaning and Enjoyment (Comprehension & Literature) – Term 1, Unit 2). Checked by: Conflict Mapping Organizer (what the conflict shows about each character).*

Instructional Strategies

- **KWL Chart:** Engage – what students know and want to know about conflict.
- **Role Play / Dramatization:** Engage – a peer-acted chair demonstration shows clashing goals.
- **Whole-Class Discussion:** Engage – students unpack the demonstration and define conflict.
- **Annotation with Pen Marks and Role Slips:** Explore – underline Sun-Sun's actions, circle Jake's obstacles.
- **Conflict Matrix (Graphic Organizer):** Explain – class matrix of Character, Goal, Action and Opposing Force.
- **Higher-Order Questioning:** Explain – analyse, compare, evaluate and create questions.
- **Graphic Organizer:** Elaborate – Conflict Mapping Organizer.
- **Sentence Scaffolds:** Elaborate – targeted writing support.
- **Peer Assessment (Star and Wish):** Elaborate – pairs check another pair's organizer.

- **Traffic-Light Self-Assessment and Exit Ticket:** Evaluate – individual check.

Subject Integration

- **Principles of Business (Explore):** Pairs answer: "Why might a shop owner stop giving credit?" and link their answer to Sun-Sun's decision in Chapter 4 to stop giving credit and take his produce to the town market in Chapter 5.
- **Health and Family Life Education (Elaborate):** Students suggest one fair way Sun-Sun and Jake could have settled their conflict, and compare it with what the characters actually do.

Classroom Organization and Management

- **Classroom layout and safety:** Desks are arranged in text-study pairs facing the whiteboard, with a clear space at the front for the chair demonstration. Bags hang on the backs of chairs and walkways are kept clear so the teacher can reach every group.
- **Materials:** Cards, strips and worksheets are prepared in labelled envelopes before the lesson, so no time is lost handing them out.
- **Group roles:** For group tasks, each member receives a role slip (see the slips in the procedure) so every student knows exactly what to do and no one is left out.
- **Transitions:** The teacher uses the call-and-response "Class, class!" / "Yes, yes!" as an attention signal, and a visible timer shows how long each phase lasts.
- **Positive reinforcement:** Specific verbal praise, group points on the board, and good work displayed on the word wall.
- **Expectations:** Listen when others speak, respect every answer, share tasks fairly, and handle materials carefully.

Accommodations (Inclusion)

- **Reading difficulties:** Large-print cards and a reading partner; the teacher reads text aloud on request.
- **Writing difficulties:** Students may answer orally, point to the correct card, or have a peer scribe one answer.
- **Attention or vision needs:** Preferential seating near the board and the teacher.
- **Absent students:** Students who miss the lesson (for example, for sports) receive the notes and classwork as a catch-up pack.

Backup Plan (No Technology)

- **If there is no electricity, internet or projector:** The definitions and conflict matrix are written on the whiteboard; the organizers are printed.

5E PROCEDURE

1. ENGAGEMENT (10 minutes)

- **Activating Prior Knowledge:** The teacher asks: "Last week we learned what motivates Rami. What does Jake want? What does Sun-Sun want?" Students fill in the K and W columns of their KWL chart on conflict.

KWL Chart: Conflict (one per student)

K – What I Know	W – What I Want to Know	L – What I Learned
e.g. Sun-Sun and Jake do not get along.	*e.g. Why does Jake work against Sun-Sun?*	*(Completed in Evaluate)*

- **Student Learning Activity:** Students will watch a short, peer-acted demonstration in which two students try to use one chair for completely different goals. Students discuss whether both goals can be achieved at the same time, and recognise that literary conflict includes economic and social struggles as well as physical fights.
- **Teacher Facilitation:** The teacher will organise the demonstration, record students' observations, and establish the definitions of External Conflict and Man vs. Man. The teacher will ask:
- What does each person want?
- Can both of them get what they want at the same time? Why not?
- Does conflict always have to be a physical fight, or can it also be about money, business or social standing?

Key Definitions

Conflict: a struggle between opposing forces. Conflict is what drives the plot of a story.

External conflict: a struggle between a character and an outside force, such as another person, society or nature.

Man vs. Man: a conflict in which two characters want things that cannot both happen, so one character's goals clash with the other's.

- **Technology (in class):** The definitions are shown on a PowerPoint slide.
- **Formative Check:** Students give a thumbs up or down: "A conflict must be a physical fight." (Thumbs down.)

(Visual & Auditory)

2. EXPLORATION (15 minutes)

- **Student Learning Activity:** Students will work in text-study pairs to examine the clashes between Sun-Sun and Jake in Chapters 5 and 6 (the town market and Ma's wedding). Using their pens, they underline every action Sun-Sun takes to rebuild his life and circle every move Jake Hibbertson makes that works against him.

Marking Key (use your blue or black pen)

Mark	What to mark
Underline	Every action Sun-Sun takes to rebuild his life (e.g. selling his produce at the town market)
Circle	Every move Jake Hibbertson makes that works against Sun-Sun (e.g. taking Ma away, marrying her)

Pair Role Slips (cut out; give one slip to each group member)

✂️ **Sun-Sun Tracker**
Find and underline Sun-Sun's actions.

✂️ **Jake Tracker**
Find and circle Jake's obstacles.

- **Teacher Facilitation:** The teacher will explain the marking key and check that pairs separate the protagonist's ambitions from the antagonist's barriers.
- **Subject Integration (Principles of Business):** Pairs answer: "Why might a shop owner stop giving credit?" and link their answer to Sun-Sun's decision in Chapter 4 to stop giving credit and take his produce to the town market in Chapter 5.
- **Formative Check:** The teacher checks that each pair has at least three underlines and three circles.
- **Feedback:** The teacher gives specific feedback, e.g. "That sentence shows Sun-Sun's plan, so underline it. Which sentence shows Jake blocking it?"

(Auditory & Kinaesthetic)

3. EXPLANATION (10 minutes)

- **Student Learning Activity:** Students will present their marked evidence to fill in a conflict matrix on the board under the headings Character, Primary Goal, Action Taken and Opposing Force, showing how Jake acts as a barrier to Sun-Sun's recovery.

Conflict Matrix (drawn on the board)

Character	Primary goal	Action taken	Opposing force
Sun-Sun Johnson			
Jake Hibbertson			

How Conflict Drives the Plot

Action and reaction: each action by one character causes a reaction from the other.

Rising stakes: each new obstacle raises the stakes.

Suspense: the reader wants to know who will win, which keeps them reading.

- **Teacher Facilitation:** The teacher will draw the matrix, guide students' classification arguments, and reinforce that Man vs. Man conflict is a clash of goals that cannot both be met.

Higher-Order Questions (whole-class discussion)

1. Analyse: Why does Jake keep working against Sun-Sun, even after taking Robin Hill?
2. Compare: How are Sun-Sun's goals different from Jake's?
3. Evaluate: Was it wise for Sun-Sun to stop giving credit? Justify your answer.
4. Create: Write a "____ wants ____, but ____ prevents this by ____" sentence for a conflict in your own community.

Guide answers: accept reasons based on Jake's desire for prestige and power (in Chapter 9 Sun-Sun says Jake "set out to break me" and married Debbie as a "triumph"); Sun-Sun wants to rebuild his family's life, Jake wants to keep control; accept a reasoned answer supported by Chapters 5–6; accept any sentence with two clashing goals.

- **Technology (in class):** The conflict matrix is shown on a PowerPoint slide and filled in on the whiteboard.
- **Formative Check:** The teacher names three actions; students say "Sun-Sun" or "Jake" chorally.

(Visual & Auditory)

4. ELABORATION (15 minutes)

- **Student Learning Activity:** Students will use their findings to complete the Conflict Mapping Graphic Organizer, showing how the conflict builds pace and suspense. Students also hand in their project planning quotes for the teacher to check and consider how conflict could enrich their ID Card or Diary.

Conflict Mapping Organizer

Character	Goal	Actions	Obstacles
Sun-Sun			
Jake			

- **Differentiation Support:** Supported students use the frame: "Sun-Sun wants to _____ but Jake prevents this by _____."

- **Differentiation Extension:** Extended students write an analytical paragraph explaining how the rivalry between Sun-Sun and Jake builds suspense and shapes what the reader expects.
- **Teacher Facilitation:** The teacher will hand out the organizers, check the project quotes, and give sentence scaffolds to students who need writing support.
- **Subject Integration (Health and Family Life Education):** Students suggest one fair way Sun-Sun and Jake could have settled their conflict, and compare it with what the characters actually do.
- **Numeracy Link:** Pairs count their underlines and circles and write the ratio of Sun-Sun's actions to Jake's obstacles (e.g. 4 : 3).
- **Peer Assessment:** Pairs swap organizers with another pair, check that each obstacle really blocks a goal, and give one star and one wish.
- **Feedback:** The teacher shares one strong organizer and corrects any obstacle that does not match a goal.

(Kinaesthetic & Visual)

5. EVALUATION (10 minutes)

- **Student Learning Activity:** Students will complete the exit ticket on their own, then fill in the L column of the KWL chart and the traffic-light self-assessment.
- **Teacher Facilitation:** The teacher will collect the organizers, make sure students complete the exit ticket on their own, and collect the exit tickets at the end of the 10 minutes.

Exit Ticket

1. Define Man vs. Man external conflict in your own words.
2. Identify one specific goal Sun-Sun pursues in Chapter 5 or 6.
3. Identify one action Jake Hibbertson takes that directly opposes or threatens that goal.

Teacher Answers: Exit Ticket

1. A struggle between two characters whose goals clash. 2. Accept any goal supported by Chapters 5–6 (e.g. selling his produce at the town market; rebuilding his life and keeping his family). 3. e.g. Jake leads Ma away at the market (Chapter 5); Jake marries Ma (Chapter 6).

- **Self-Assessment:** Students rate each statement with a traffic light.

Traffic-Light Self-Assessment (students tick one colour for each statement)

I can…	Green	Yellow	Red
define Man vs. Man conflict	☐	☐	☐
find a character's goal in the text	☐	☐	☐
explain how conflict drives the plot	☐	☐	☐

Green = I can do this on my own. Yellow = I need a little more practice. Red = I need help.

- **Closure:** One student completes the sentence aloud: "Conflict keeps a story going because…"
- **Positive Reinforcement:** The teacher praises clear evidence and awards class points.

(Visual & Auditory)

Total: 10 + 15 + 10 + 15 + 10 = 60 minutes

Homework / Extension Assignment

No formal graded homework is assigned for this block. Continue working on your Character ID Card or Character Diary entries independently (final Term Project due in Week 12).

Technology Integration (Homework & Practice)

- **Google Classroom:** Post a project progress check. Students upload a photo or typed copy of their project work so far for teacher feedback.
- **Quizizz:** Assign an optional practice quiz on Man vs. Man conflict and the events of Chapters 5 and 6.

Assessment Summary

Type	What is assessed
Diagnostic	KWL chart (K and W); responses to the chair demonstration.
Formative	Marked text, conflict matrix, project check-in and peer feedback; Quizizz practice report.
Summative	Exit ticket; Conflict Mapping Organizer.

Success Criteria

Students are successful when they can define Man vs. Man conflict as a clash of goals and accurately identify one instance of direct opposition between Sun-Sun and Jake using text details.

Link to Previous and Next Lesson

- **Previous:** Week 4 – Internal traits and motivation in Chapter 4.
- **Next:** Week 6 – Mid-term review of Chapters 1–6.
