5E LESSON PLAN: WEEK 6 – MISS PATTERSON

- **Institution:** Happy Grove High School
- **Grade Level:** Grade 8
- **Class:** 8^3
- **Subject:** English Literature
- **Date:** October 12, 2026
- **Duration:** 60 minutes
- **NSC Learning Strand:** Reading for Meaning and Enjoyment (Comprehension & Literature); Communication (Writing) – plot structure
- **NSC Attainment Target:** Apply a wide range of comprehension and review strategies to monitor and extend narrative understanding; return to relevant text passages to verify inferential claims.
- **Topic:** Mid-Term Comprehensive Review (Chapters 1–6 Review)
- **Previous Knowledge:** Students have studied setting, external and internal traits, motivation and Man vs. Man conflict in Chapters 1–6.

Key Vocabulary

Key Vocabulary (word wall)

Chronological sequence: the order in which events happen, from first to last

Exposition: the beginning of the story, where characters, setting and situation are introduced

Rising complications: problems that build up and make the conflict harder

Interpersonal conflict: a conflict between two or more characters (Man vs. Man)

Claim–Evidence–Explanation: a frame for answering: give your answer, prove it with the text, explain how it proves it

Learning Objectives

By the end of the lesson:

Cognitive

1. Working in review squads, students will sequence ten plot cards from Chapters 1–6, placing at least eight correctly.
2. On the Mid-Term Diagnostic Worksheet, students will justify one inferential answer using the Claim–Evidence–Explanation frame with at least one text citation.

Affective

3. On the reflection slip, students will name at least one chapter or skill they need to study further.

Psychomotor

4. Using the clothesline timeline, students will pin the plot cards in order, checking the page numbers of at least three cards in the novel.

Learning Domains

- **Cognitive:** Order plot events; tell apart setting, traits and conflict in a review format.
- **Affective:** Become aware of their own learning progress; build test-taking confidence.
- **Psychomotor:** Sort and pin plot cards on the clothesline timeline.

Learning Styles

- **Visual:** The clothesline timeline and terminology wall.
- **Auditory:** Squad discussion, oral reading and teacher feedback.
- **Kinaesthetic:** Moving and pinning plot cards on the clothesline.

Resources

- Two event cards and a clothesline with pegs across the front board (in Engage below)
- Ten plot cards per squad and squad role slips (in Explore below)
- Class copies of My Father, Sun-Sun Johnson (Chapters 1–6)
- Mid-Term Diagnostic Progress Review Worksheets
- Reflection slips
- PowerPoint and whiteboard

NSC Major Objectives (Curriculum Alignment)

- Compose a summary of a text, using main ideas identified. *(Reading for Meaning and Enjoyment (Comprehension & Literature) – Term 1, Unit 2). Checked by: Squad timelines and Exit Ticket Q1 (order of key events).*
- Determine a central idea of a text and analyse its development over the course of the text, including its relationship to supporting ideas. *(Reading for Meaning and Enjoyment (Comprehension & Literature) – Term 1, Unit 1). Checked by: Mid-Term Diagnostic Worksheet (Claim–Evidence–Explanation answer).*
- Identify the elements of plot structure in a range of narrative pieces. *(Communication (Writing) – Term 1, Unit 1). Checked by: Clothesline timeline (exposition and rising complications).*

Instructional Strategies

- **Structured Debate:** Engage – students debate the order of two event cards.
- **Clothesline Timeline:** Engage and Explain – events are sequenced on a class clothesline.
- **Cooperative Learning (Review Squads) with Role Slips:** Explore – squads arrange plot cards and check page numbers.
- **Claim–Evidence–Explanation Modelling:** Explain – how to answer an exam analysis question.
- **Higher-Order Questioning:** Explain – analyse, compare, evaluate and create questions.
- **Diagnostic Worksheet:** Elaborate – Mid-Term Diagnostic Progress Review.
- **Differentiated Instruction:** Elaborate – tiered scaffolds.
- **Peer Assessment:** Elaborate – partners check one CEE answer.
- **Self-Assessment and Reflection:** Evaluate – traffic light and reflection slips.

Subject Integration

- **Mathematics (Engage):** Students treat the clothesline like a number line, placing Chapter 1 at the start and Chapter 6 at the midpoint to see how events are spaced.
- **History (Explore):** Squads compare putting plot cards in order with putting events on a history timeline, and give one reason the order matters in both.

Classroom Organization and Management

- **Classroom layout and safety:** Desks are arranged in four review squads, with the clothesline across the front board and walkways clear for squads to come up and pin cards. Bags hang on the backs of chairs and walkways are kept clear so the teacher can reach every group.
- **Materials:** Cards, strips and worksheets are prepared in labelled envelopes before the lesson, so no time is lost handing them out.
- **Group roles:** For group tasks, each member receives a role slip (see the slips in the procedure) so every student knows exactly what to do and no one is left out.
- **Transitions:** The teacher uses the call-and-response "Class, class!" / "Yes, yes!" as an attention signal, and a visible timer shows how long each phase lasts.
- **Positive reinforcement:** Specific verbal praise, group points on the board, and good work displayed on the word wall.
- **Expectations:** Listen when others speak, respect every answer, share tasks fairly, and handle materials carefully.

Accommodations (Inclusion)

- **Reading difficulties:** Large-print cards and a reading partner; the teacher reads text aloud on request.
- **Writing difficulties:** Students may answer orally, point to the correct card, or have a peer scribe one answer.
- **Attention or vision needs:** Preferential seating near the board and the teacher.
- **Absent students:** Students who miss the lesson (for example, for sports) receive the notes and classwork as a catch-up pack.

Backup Plan (No Technology)

- **If there is no electricity, internet or projector:** If there is no clothesline, squads lay the cards in order on their desks and the class timeline is drawn on the whiteboard.

5E PROCEDURE

1. ENGAGEMENT (10 minutes)

- **Activating Prior Knowledge:** The teacher asks: "What has happened to Sun-Sun and Rami so far? Who can name one event from Chapter 1 and one from Chapter 6?"
- **Student Learning Activity:** Students will analyse two event cards held up at the front (Card A: "Merton signs the Robin Hill deed over to Jake"; Card B: "Rami discovers Jake sitting comfortably in the rocking chair that was once Father's favourite"). Students debate

whether placing Card B before Card A breaks the story's logic, explain why readers must know the order of events before analysing motivations, and copy the definition of Chronological Sequence.

- **Teacher Facilitation:** The teacher will set up a clothesline across the front board labelled "Beginning (Chapter 1)" and "Midpoint (Chapter 6)", display the cards, and lead the discussion. The teacher will ask: "Which card must come first? How do you know?"

Key Definition

Chronological sequence: the order in which events happen in a story, from first to last.

- **Subject Integration (Mathematics):** Students treat the clothesline like a number line, placing Chapter 1 at the start and Chapter 6 at the midpoint.
- **Technology (in class):** The two event cards are shown on a PowerPoint slide.
- **Formative Check:** Students vote with a show of hands for which card comes first; the teacher notes the split.

(Visual & Auditory)

2. EXPLORATION (15 minutes)

- **Student Learning Activity:** Students will work in four review squads to open envelopes of 10 randomised plot cards from Chapters 1–6 (e.g. Lottie the maid crying before leaving, Rami being jeered for riding Marble bareback, Sun-Sun stopping credit for the villagers). Squads arrange the cards in order and check the page numbers of at least three cards in the novel to settle disagreements.

Plot Cards (prepare 10 per squad from Chapters 1–6)

Use the events from your plan, for example:

- Merton signs the Robin Hill deed over to Jake.
- Rami discovers Jake in the rocking chair that was once Father's favourite.
- Lottie, the family's maid, cries before leaving.
- Rami is jeered for riding Marble bareback.
- Sun-Sun moves his household to River Bottom.
- Sun-Sun stops giving the villagers credit.
- Sun-Sun establishes a vegetable garden.

Squad Role Slips (pair up roles in larger squads) (cut out; give one slip to each group member)

✂️ **Card Reader** Read each plot card aloud to the squad.	✂️ **Arranger** Place the cards in order after the squad agrees.
✂️ **Page Checker** Find the page for at least three cards in the novel.	✂️ **Reporter** Read the squad's timeline to the class.
✂️ **Timekeeper** Keep the squad on time.	

- **Teacher Facilitation:** The teacher will organise the squads, hand out the envelopes, and circulate to guide students as they check the order in the text.
- **Subject Integration (History):** Squads compare putting plot cards in order with putting events on a history timeline, and give one reason the order matters in both.
- **Formative Check:** The teacher checks each squad's order against the key and notes the cards most often misplaced.
- **Feedback:** The teacher gives specific feedback, e.g. "Check the page for that card – does it come before or after the move to River Bottom?"

(Kinaesthetic & Auditory)

3. EXPLANATION (10 minutes)

- **Student Learning Activity:** Students will listen as squad representatives read their timelines aloud, check accuracy against the board key, and copy the Claim–Evidence–Explanation frame used to answer an exam question about why the village held the family in derision.

Review Definitions (from earlier lessons)

Exposition: the beginning of the story, where the characters, setting and situation are introduced.

Rising complications: problems that build up and make the conflict harder for the main character.

Interpersonal conflict: a conflict between two or more characters (Man vs. Man).

Claim–Evidence–Explanation Model: Why did the village hold the family in derision?

Claim	Evidence	Explanation
Answer the question in one sentence.	A quote or detail from the text that supports your claim.	How the evidence proves your claim.

- **Teacher Facilitation:** The teacher will chart students' feedback, revise exposition, rising complications and interpersonal conflict, and model how to take clear evidence from Chapter 2 to answer an analysis question.

Higher-Order Questions (whole-class discussion)

1. Analyse: Why must readers know the order of events before analysing a character's motivation?
2. Compare: How is the exposition different from the rising complications?
3. Evaluate: Which event in Chapters 1–6 is the biggest turning point so far? Justify your answer.
4. Create: Write a Claim–Evidence–Explanation answer to "Why does Rami stay with his father?"

Guide answers: motives make sense only when we know what happened before; the exposition introduces the situation, complications make it harder; accept any event with a reason; accept a CEE answer with a relevant quote.

- **Technology (in class):** The CEE frame is shown on a PowerPoint slide and completed on the whiteboard.
- **Formative Check:** Students hold up fingers to show which part of the CEE frame the teacher is describing (1 = claim, 2 = evidence, 3 = explanation).

(Visual & Auditory)

4. ELABORATION (15 minutes)

- **Student Learning Activity:** Students will complete the Mid-Term Diagnostic Progress Review Worksheet on their own, analysing extracts from the first half of the novel and matching terms to scenarios.
- **Differentiation Support:** Supported students use a modified worksheet with page clues beside the short-answer questions and a multiple-choice term bank.
- **Differentiation Extension:** Extended students write an analytical paragraph explaining how Ma's pride and Father's gambling are parallel internal flaws that speed up the family's decline.
- **Teacher Facilitation:** The teacher will hand out the worksheets, give tiered scaffolds to target groups, and monitor independent work.
- **Numeracy Link:** Squads work out the percentage of plot cards they placed correctly in Explore (e.g. 8 out of 10 = 80%) and compare it with the 80% target.
- **Peer Assessment:** Partners swap worksheets for one CEE answer only and check that it has a claim, evidence and explanation, giving one star and one wish.
- **Feedback:** The teacher gives specific feedback on CEE answers as they circulate.

(Kinaesthetic & Visual)

5. EVALUATION (10 minutes)

- **Student Learning Activity:** Students will complete the reflection slip (exit ticket) quietly and on their own, then rate themselves with the traffic light.

- **Teacher Facilitation:** The teacher will collect the worksheets, make sure students complete their reflection slips on their own, and use Question 3 to plan which topics to revisit.

Exit Ticket

1. Which happened first: Sun-Sun moving his household to River Bottom, or Sun-Sun establishing a thriving vegetable garden?
2. State the difference between an external trait and an internal value.
3. Identify one area or chapter from the first half of the book you need to study further.

Teacher Answers: Exit Ticket

1. Moving to River Bottom. 2. An external trait is what we see on the outside (appearance, clothes); an internal value is inside (personality, beliefs, feelings). 3. Accept any honest answer; use it to plan revision.

- **Self-Assessment:** Students rate each statement with a traffic light.

Traffic-Light Self-Assessment (students tick one colour for each statement)

I can…	Green	Yellow	Red
put the events of Chapters 1–6 in order	☐	☐	☐
answer with Claim–Evidence–Explanation	☐	☐	☐
use literary terms correctly	☐	☐	☐

Green = I can do this on my own. Yellow = I need a little more practice. Red = I need help.

- **Closure:** One student completes the sentence aloud: "Before the test, I will study…"
- **Positive Reinforcement:** The teacher praises squads that checked their evidence and encourages students before the mid-term test.

(Visual & Auditory)

Total: 10 + 15 + 10 + 15 + 10 = 60 minutes

Homework / Extension Assignment

Task: Using the character and format you selected for your Term Project, list in your notebook three external traits and two internal values shown by your character in Chapters 1–6, with chapter numbers.

Test preparation: Study your notes on Chapters 1–6 and today's review worksheet for the Mid-Term Test (60 marks) in the next literature session. Use the Claim–Evidence–Explanation frame for the longer answers.

Technology Integration (Homework & Practice)

- **Google Classroom:** Post the answer key to the Mid-Term Diagnostic Worksheet after it is marked so students can self-check. Students submit their homework list on Google Classroom.
- **Quizizz:** Assign a self-paced Chapters 1–6 review quiz (plot order, characters and literary terms).

Assessment Summary

Type	What is assessed
Diagnostic	Reasoning about the order of Card A and Card B.
Formative	Squad timelines and page checks; peer check of a CEE answer; Quizizz review report.
Summative	Mid-Term Diagnostic Worksheet and reflection slip; Mid-Term Test on Chapters 1–6 (60 marks) in the next session.

Success Criteria

Students are successful when they can place the major events of Chapters 1–6 in the correct order and support one inferential answer with evidence from the text.

Link to Previous and Next Lesson

- **Previous:** Week 5 – Man vs. Man conflict in Chapters 5 and 6.
- **Next:** Week 7 – Mid-Term Test (Chapters 1–6). Week 8 – Introduction to poetry: ballads and free verse.
